

Novigo is a Supply Chain Execution Competence Leader, SAP Partner and Implementation Specialist

About Novigo

Novigo works with leading large and mid-sized companies on their SAP-centric Supply Chain Transformation Initiatives, enabling them to deliver new value to their customers and minimize their cost of running supply chain organizations. Customers engage Novigo's consulting services for their balanced blend of industry-leading competence, passion for driving value, deep focus, international delivery capability, hands-on methodology, and innovative thought leadership. For Novigo customers, they identify new ways of running smarter supply chains by uncovering the potential in business process improvement, enabled by SAP SCM/TM Technology, and delivered by empowered and enabled people.

As a global leader of SAP Transportation Management integration, Novigo delivers customer value through integration of SMC³'s RateWare[®] XL rate management content for SAP TM 9.0 and higher.

About SMC³

Shippers, carriers, logistics service providers and technology providers look to SMC³ for the technology, industry data, educational services and general know-how to achieve greater success in the transportation marketplace. Founded

in 1935, SMC³ has established a firm reputation among industry professionals as a central knowledge base for decision support, improved collaboration and streamlined processes in the movement of freight via motor carriers.

SMC³'s hosted technology solutions provide accurate and timely carrier rates, points of service and transit times within a service-oriented architecture accessible via a web service application programming interface.

SMC³ RateWare[®] XL

The implementation of RateWare XL enables you to fully realize the advantage of a durable rating engine with a

library of more than 3,000 data modules. This robust rating simplifies LTL pricing and eliminates the costly tasks of sourcing, programming and maintaining data from multiple carriers. Use RateWare XL to:

- Manage LTL shipment costing and pricing, including carrier-specific discounts, minimum charges, deficit rating and FAK charges, in a streamlined and efficient process
- Quickly and easily convert and validate data through a simplified process for updating motor carrier tariff information and expiration dates

- Support rating requirements with various lookup and discounting activities
- Incorporate CzarLite base rates in your logistics platform

SMC³ CzarLite®

No matter where you ship in the United States, Canada or Mexico, SMC³ CzarLite base rates provide a flexible decision support tool to assure total pricing visibility and empowerment to make your best LTL purchases. Achieve optimal shipping agreements with a uniform base rate where you can:

- Simplify business processes like negotiations, contracts, profitability strategies
- Quickly evaluate the impact of carrier rate adjustments and conduct “apples-to-apples” base rate comparisons
- Assure your shipments are rated using timely, accurate, carrier-independent base rates, so the effects of line items such as discounts and FAK classifications are apparent
- Create your own flexible, borderless international pricing system with stable base rates for freight movements between the U.S., Canada and Mexico
